

Inspection Coach is a simple yet powerful tool to help you prepare for school inspections in a fraction of the normal time. Our "Virtual Inspector" takes you right through the school self-evaluation process, making sure you haven't missed anything and that you show your school in the best possible light.

Key features

- **A unique "Live View"** of every area in the new OFSTED Inspection Framework, allows you to immediately see what your school does well and where improvement is needed.
- **Upload evidence to share** with staff and governors and create actions for your school improvement plan as you go along.
- **It follows a process of self-evaluation** that is used in thousands of schools already.
- **A self-evaluation summary** draft document is automatically produced for you to edit online or export to Word or PDF.
- **Unlimited and online access** for the senior staff, governors and key staff.
- **Access your self-evaluation** and evidence anytime, anywhere and on any device.

// Your software helped us to go from Requires Improvement to Outstanding. //

Ken Heaton, Headteacher

Florence Melly Community Primary School
